

## VARIOUS WORKSHOPS!

The NC Statewide Safety Conference, Inc. offer a wide variety of Workshops for industry, business and government agencies. **Call for details!**

## NORTH CAROLINA REGIONAL SAFETY COUNCILS

The NC Statewide Safety Conference, Inc. sponsors five regional safety councils that serve the one hundred counties of North Carolina. With a board of directors and officers, each council organizes and presents programs that assist industry in North Carolina in achieving successful safety, health and accident prevention programs. Since the first council was organized in 1930, each has met quarterly with many conducting annual workshops on accident prevention in their council area. Each council sponsors a Regional Safety Talk Contest with the winner representing the council at the Annual Statewide Safety Talk Contest. For more information on the council in your area, contact the NC Statewide Safety Conference, Inc. [www.ncsafetyconference.com](http://www.ncsafetyconference.com)

## COMPETENT PERSON TRENCHING

We offer a four or six hour Competent Person Trenching & Shoring courses. This course is designed to offer participants the required classroom training to be the Competent Person on an excavation site. Upon completion, successful candidates will receive a certificate and wallet card qualifying them to be named Competent by their company. **Give Dennis Parnell a call at 252-203-3192.**

## HEALTH & SAFETY SERVICES

The Health and Safety services offered by the North Carolina Statewide Safety Conference, Inc. are established to provide competent, practical instruction in accident prevention. The courses and workshops are designed for the supervisor and employee in the interest of reducing accidents and their cost to business and industry. Our schedule offers professional programs with experienced instructors and are scheduled to meet the production needs of client companies. Classes vary from one hour to eight hours. Call your area Safety Consultant for more information and scheduling.

### FIRST AID AND CPR/AED COURSE

National Safety Council (NSC) First Aid and CPR Course is offered through the NC Safety Conference, Inc. The eight-hour presentation is taught at the employer site. A NSC First Aid book is required for each student. The course is excellent first aid and CPR/AED training for employees with a clear, detailed text supplemented by visual aids. NSC First Aid and CPR/AED books must be ordered from the NSC at the time of scheduling through our safety consultant. NSC First Aid and CPR/AED Certificates are issued to those satisfactorily completing the course.

### ROOT CAUSE ANALYSIS

The purpose of Root Cause Analysis is to develop viable recommendations to prevent incident from happening again. Guidelines for recommendations will be briefly discussed. Hands on exercises will explore different methods of tracking information, both written and electronic.

## COMPETENT PERSON SCAFFOLDING

Critical to scaffolding safety are the use of competent persons for the design, erection/dismantling, and maintenance of scaffolds, and trained workers for their use.

### HAZWOPER FIRST RESPONDER AWARENESS LEVEL AND OPERATIONS LEVEL TRAINING

This course prepares employees, who are likely to discover or witness a release of hazardous waste, to initiate a response procedure by notifying the proper authorities, also known as **First responder awareness level**. **Operations level training** is for those individuals who respond to a release of hazardous substances by protecting nearby persons, property or the environment in a defensive manner. Operations level training consists of at least eight hours of training and demonstrated competency. Please call **252-203-3192** for more information.

### FLAGGER CERTIFICATION

These requirements apply to anyone working inside the Right of Way of a NC DOT Highway System. To receive Flagger Certification training, call our Safety Consultant of your choice to schedule a class.

### WATER/WASTEWATER CREDIT WORKSHOPS

We are a **SPONSOR** for Water and Wastewater credit hours. Custom designed to fit your needs. Call Dennis or Eric for Workshop details!

## NSC DEFENSIVE DRIVING COURSE

The NSC Defensive Driving Course is a four-hour classroom course. The objectives of the course are to:

- ◆ Increase the participants' knowledge of defensive driving skills
- ◆ Motivate participants to take personal responsibility for their own driving behavior, and ultimately...
- ◆ **Change driving behavior!**
